## 1. NewPro Solution - Your competent partner

**NewPro Solution** is your competent partner for **high-performance** and **user friendly** surface solutions. Our product portfolio ranges from **glass & stainless steel protection** up to **mineralic surfaces**. Protection, easiness of cleaning and preserving the value of your product is our aim. Transparent coating solutions guarantee you to keep the original, **high-value optical** quality of your product but also colored systems for glass coating gives you a large degree of design possibilities and freedom.

NewPro stands for **high-performance**, **multi-functional** and **environmental friendly** products with reliable performance. Driven by our long-term experience and know-how for industrial applications and products our product portfolio for do-it-yourself products has been developed.

### Your benefits at a glance :

- Easy-to-use application
- Lowest consumption
- Multifunctional properties
- From semi-permanent to permanent solutions
- Preserving the value and quality of your product

# Do-it-Yourself-Products Catalogue

## 2. DIY also for design?

### Option 01 : Pre-Printed box (NIS Box)

- For maximum convenience we offer you the possibility to order a complete designed and printed box. Box, labels and application manual are pre-printed in an integrated layout. The company logo, name and address will be changed to your preference.

### Option 02 : Blanc box (Uni Box)

- You have your own layout ideas? No problem, you can order a blanc box without any printing on it. We deliver the blanc box with the full content but without pre-printed box and labels.

You are running out of consumables ?

Any article of the box content can be ordered separately. In this way especially consumables such as tissues and pads can be refilled easily. But also in case you are running out of coating material or cleaner you can order each quantity separately.

As we have most of the materials on stock the delivery time can be kept short.
